Bezel-free and Fanless

Featuring Intel Ivy Bridge / Dual Core 1.6GHz~1.86GHz CPU, W-POS is a POS refined in every detail which is more powerful, slimmer and can be used for more applications. W-POS features IPC spec which delivers high performance, stability, IP65 waterproof protection, but does not look like an IPC. It features an ultra-slim screen with only 59 mm which makes W-POS stylish and space-saving. It features a unique stand base which enables color and logo customizability on the back and it is wall/ pole/ desk mountable for various applications and environments. W-POS is ideal to function as digital signage with dual customer displays as well as surveillance. It is also ideal for price checker and Kiosk applications.

WP-7530 & WP-6721

Modular Design

- Easy maintenance
- Cableless
- Expandable

- 1 HDD
- 2 Rear mount VFD
- 3 MSR + fingerprint
- 4 MSR + IC card reader
- 5 MSR + iButton
- 6 Stand base

Bezel Free

Embedded VFD

Bay Trail / Haswell CPU and Embedded VFD

WP-5530 is W-POS family featuring the latest Intel Haswell Core i7 / i5 / i3 / Pentium / Bay Trail CPU which delivers high performance and flexibility. WP-5530 is designed to be cost-effective as well which features an embedded VFD. A die-casting back cover is designed to be stylish and rugged while the bezel-free flat monitor is featured to provide a seamless and smooth surface and is resistant to water, dust, grease and food build-up. W-POS is ideal for price checker and Kiosk applications.
