

AMR-S100 Edge AI Computing

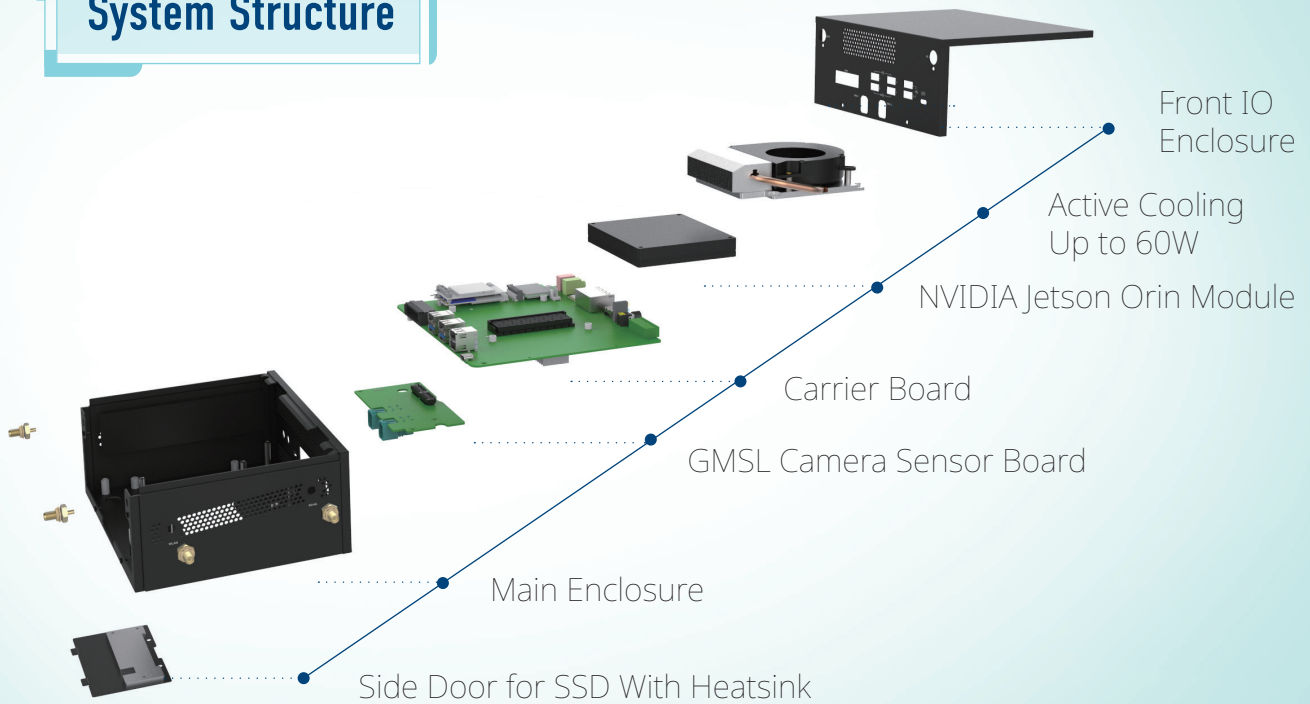

with NVIDIA® Jetson AGX Orin™

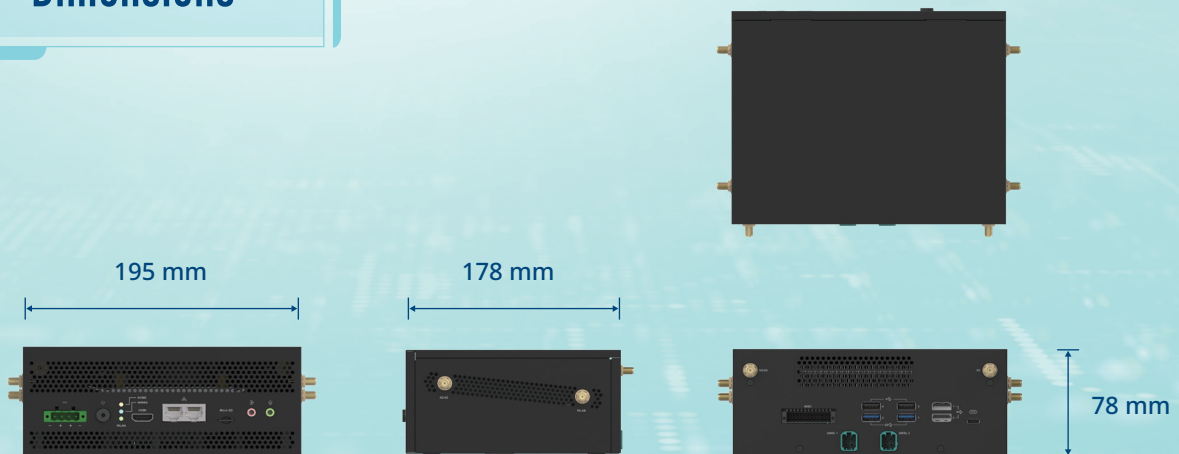

AMR-S100 Specifications

- Powerful NVIDIA Jetson Orin SOC embedded AI computing solution
- 9-36V wide range DC power inputs and -25~60°C (system), -40~85°C (board) harsh operation temperature
- Optimal thermal solution and electrical protection design
- Abundant peripherals selection for quick adoption
- JetPack 6.2 support & NVIDIA ROS 3.2, Isaac Perceptor compliance
